Licensing Terms for Distinctive Résumé Templates

What Can You Do with the Templates You Have Purchased from Us?

You can use the templates to create a résumé for yourself, a friend, or family member.

You can customize and change the design and/or content as you wish.

If you are a résumé writer or career coach, or create résumés for clients in another capacity, you may use the templates with your clients on an individual basis.

What Can NOT be Done with the Templates You Have Purchased from Us?

You may not resell or transfer license to these templates in any capacity (unless you are an official affiliate of Distinctive Career Services, LLC)

Only one writer may use your purchased template(s). If you have purchased these templates as an agency or subcontracting organization, you must purchase one license per writer (discounts may be available for large agencies; please contact us to discuss).

Except on an individual basis for your own personal résumé, **you may not use the templates or images of the templates or résumés created using the templates on your website or blog, newsletters or emails, live or recorded trainings, or membership sites.**

DISCLAIMER: While all efforts have been made to ensure résumés created with these templates will be ATS-friendly, it is impossible to *guarantee* ATS compatibility. The purchaser takes full responsibility for ensuring ATS compatibility, if this is important to them. Distinctive Career Services, LLC is not responsible for the content or effectiveness of any résumé created with one of our templates.

If you have any questions about these terms, please reach out and ask.
